CALLS FOR PROPOSALS

Attraverso i programmi europei a gestione diretta, l'UE sostiene finanziariamente lo sviluppo di progetti che contribuiscono a realizzare gli obiettivi politici della Commissione per la programmazione 21-27. Tali programmi prevedono specifiche **call for proposals** pubblicate e gestite direttamente dalla Commissione europea e dalle sue Agenzie esecutive. Ciascun programma può prevedere regole di candidatura distinte e anche le modalità di gestione e rendicontazione delle attività realizzate e delle relative spese possono essere diverse.

Horizon Europe: Chips Joint Undertaking – Non-initiative Calls 2024

The Chips JU has launched three calls for proposals for the non-initiative part of the programme. Funded with a total budget of 216.000.000 €, they include the following topics:

Call 1

- [Global call according to SRIA 2024 \(IA\)](#);

Partnership: not required

CASCADE FUNDING

Il supporto finanziario a parti terze o “cascade funding” è un meccanismo di finanziamento della Commissione europea attraverso cui il consorzio beneficiario è incaricato di distribuire sovvenzioni ad entità terze attraverso le cosiddette “open calls”. Accedere a una sovvenzione derivante da una open call consente di ricevere un finanziamento pubblico per eseguire specifiche attività di ricerca e innovazione (studi, esperimenti, azioni pilota) senza dover incorrere negli oneri burocratici delle tradizionali call for proposals. Nella presente sezione sono riportate anche le call pubblicate nell’ambito

delle KICs (Knowledge and Innovation Communities) dello European Institute of Innovation and Technology (EIT).

EENergy open call

The EENergy project aims to support 1800 SMEs to define and carry out an action plan to improve their energy efficiency performance. The direct financial support (up to 10.000 €/beneficiary), realised through investments in technological solutions and access to dedicated consultancy and upskilling expertise, pursues an efficiency performance improvement of at least 5% for the participating SMEs.

Deadline: April 15th 2024

Applicants: SMEs from EU Member States and Single Market Programme associated countries

Activity sectors: sustainability

Partnership: not required

Silicon Eurocluster: Green Financial Support for SMEs

Silicon Eurocluster has launched its Green Financial Support initiative, an effort to foster the sustainable transformation of 25 SMEs in the electronics sector (e.g. radio communications, cybersecurity, artificial intelligence, energy harvesting, photonics, and sensors) by providing them with financial vouchers amounting to 3.600 €/each. This funding is designed to support these businesses in contracting external consultancy services that will guide them in their green transformation process.

Deadline: April 30th 2024

Applicants: SMEs from EU Member States and Single Market Programme associated countries, operating in the electronics ecosystem

Activity sector: sustainability

Partnership: not required

FORTHCOMING

Interreg Europe: Third call for project proposals

The Interreg Europe Programme has launched the third call for interregional cooperation projects. The proposals have to gather policy-relevant organisations from different countries in Europe to work together on a common regional development issue.
